SCORE-PRO SCOREKEEPING APP:

- Install Bible Quizzer app
- Tap Purchase and find the free Score-Pro module to add it to your modules

INTERCHANGEABILITY:

In addition to what is found in the Interchangeability section of the Rule Book, the following will be interchangeable for this season:

- Pharaoh/king of Egypt
- Jacob/Israel (only when Israel is referring to Jacob, which is E 1:1 only)
- Reuel/Jethro

LIST CORRECTIONS:

- ISRAEL should only be a Proper Named Man in E 1:1. For all other references, ISRAEL should be considered a Proper Named Place. We understand that at the time of the Exodus, Israel was not a place on a map, but it fits better in this category than any of the others.
- SWALLOWED THEIR STAFFS in E 7:12 should be added to the list of Alliterations

RULES REMINDERS:

- Rule Book changes are summarized here: [HERE](#)
- As a reminder, players are only permitted to give the answer, insignificant words, modifiers, and words contained in the question. Quizmasters are reminded that players who give more when answering should be ruled incorrect if anything else is given prior to giving the correct answer.
